

Mixed Media Joan Asquith Shrier

Welcome! This is a fun class where we explore many different materials and techniques. You may choose to focus on one technique or explore them all. Think about what subject matter is important to you, and start collecting photographs, clippings and any images that you like.

For the first class, please bring:

- 11x14 70-90lb drawing pad (or larger)
- 4-5 tubes of acrylic paint
- materials for texture (like bubble wrap)
- a reproduction of a favorite painting

To make life easier, I will have some materials on the first day and the class can chip in and share the cost. After the first class you will have a better idea of what to purchase for your own individual needs. If you have any questions, please contact me through the New Art Center, by contacting cori@newartcenter.org
